

Wheelchair Donation 2020

On August 11, 2020, Lion President, Robert Dalton, and Treasurer, Art Halsall, presented a motorized wheelchair to Kimberly Domino at the West Coast General Hospital. It was donated to the Rehabilitation/Physio department who will assess potential patients regarding their suitability for a wheelchair. The motorized wheelchair was given to the club by Clara Caudero. It was at Don and Clara's home due to Don's work with people in need of wheelchairs. The Lions Club had new batteries installed prior to the presentation.
